Storm 2 RGBWA

24 x 10W 30° IP65 Floodlight

PRO version with Neutrik Powercon TRUE1 IP65 and XLR 5-pin plug IP65.

This RGBW LED wash light in its beautiful and slim design is ideal for applications where a maximum of light intensity is desired - but absolutely no fan noise can be accepted.

The Storm 2 includes 24 pieces of high power LEDs, each with 10W and a LED lifetime of over 50,000 hours, at an efficiency of 50lm / W and flickerfree operation (7000Hz scan rate). Available beam angles are 25 (for 4in1) and 30 degrees (for 5in1).

In addition to a wide range of saturated colors provides the Storm 2 through its RGBW LED combination the full range of pastel shades and brilliant white light in a specific lighting condition with unique brightness.

The Storm 2 is characterized by its IP65 protection class full outdoor capable. An indoor version with protection class IP20 is also available.
