Timber 400W

Slim PAR WW | CW

Enormous light output at 120° beam angle in a beautifully designed, slim housing - that's the SquareLED Timber 400W. The device can be used both as a bright ground light - e.g. be used for exhibition stands, as well as an effect and strobe light by the individually controllable LED rings.

A true all-rounder! Special attention was paid to professional details such as 16-bit control and Powercon IN / OUT. SquareLED Timber is available in two versions - equipped with warm white LED chips or cold white LED chips.

Timber 400W Slim PAR WW | Code 18483

 918 pcs x 0.5W 2800K-3200K LED	 400W
 120°	 IP20
 430 x 420 x 85mm	 8,2 kg (netto) / 10 kg (brutto)
